FAQ

[Just Dance 2 \[NTSC\]\[USA\]\[WII\]\[ISO\]](#)

GREAT

11 DEC 2007

8.5 PRESENTATION

The Dragon History mode is more cinematic this time around, but also misses out on a ton of content from the previous game. Interface and general look is nearly identical to last year.

8

GRAPHICS

Again, more of the same from last year. A sharper overall look blends with more effects, but the game is still in 4:3. 480p included, however.

8

SOUND

Hours of VO, including both Japanese and English. Tons of anime-inspired rock music, with both old and new voice acting and sound effects.

8

GAMEPLAY

A more balanced experience overall from last year. PS2's controls are nearly identical, now with 161 fighters to battle it out with.

8

LASTING APPEAL

There's less to the story mode, and the game is still generally a two-button fighter. Online on Wii is currently broken, which cripples the otherwise awesome package.
